Title: Introduction of new trains in North-Eastern states.

SHRI RADHESHYAM BISWAS (KARIMGANJ): First BG train from Silchar-Lumding via Badarpur started on 21 November 2015 and later on from Agartala to other places of India via Karimganj and Badarpur of my constituency. But one district namely Hailakandi still remains unlinked directly with other parts of India which is also linked with Mizoram state via Bhairobi. I request the Railway Minister to start some new Passenger/Express trains on this route to connect near about one crore people with the rest of the country. I also request that one intercity train directly from Bhairobi to Tinsukiya daily, one direct passenger train from Bhairobi to Karimganj daily, one train from Bhairobi to Guwahati via Hailakandi daily, one direct Express train from Bhairobi to Bengaluru via Chennai and one Janshatabdi Express between Guwahati and Bhairobi which may be extended up to Aizawl via Hailakandi. Further, start at least one Rajdhani Express from Agartala to New Delhi to facilitate passengers of Agartala, Aizawl and Imphal which are the capitals of 3 North Eastern States.
